## Hummingbird brag

Submitted by lambert on Fri, 08/10/2012 - 10:14am

From the Barcalounger:

Bee balm (the red flowers) attracts pollinators, including butterflies and hummingbirds.

Last year I only had one hummingbird; this year, I have two, both green-bellied, shaped like little fighter planes, and about as aggressive.

NOTE Taken from my iPad, hence the quality. When there was a hummingbird in the vicinity, I just rested the iPad on my chest, framed the Bee Balm properly, and pressed the silent digital trigger every time it seemed reasonable. This one was the best...
